MKI 9200

**4 channel stereo
Audio streaming**

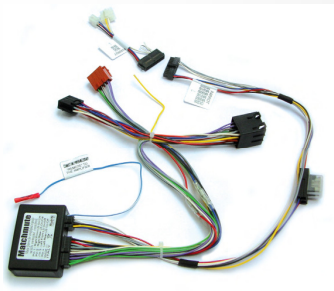

AMPMUTE is a 4 Channel pre-amp audio level Mute interface designed for cars with amplified audio such as Bose, JBL, Harmon Kardon, Infinity & Alpine on Parrot MKI Bluetooth handsfree kits.

- Adjustable left and right channel volume control
- Plays audio through all 4 speaker outputs
- Remote turn on facility to allow amplifier switch on when radio is car radio is off.
- Fits behind radio
- Plugs directly into MKI Connector, with adapter for Parrot CK3100

THIS SYSTEM WORKS ON LOW-LEVEL SPEAKER WIRE AUDIO SIGNALS ONLY

NOT SUITABLE FOR FIBRE OPTIC AMPLIFIER SIGNALS SUCH AS VOLVO, RANGE ROVER, & MERCEDES MOST.
